Hair Benefits	Blackcurrant Seed Oil with 15% GLA (Gamma-Linolenic Acid) is a refined variant that offers additional benefits for hair health. GLA is an omega-6 fatty acid known for its anti-inflammatory properties, which can soothe scalp inflammation and reduce hair loss caused by inflammation-related conditions. This variant of Blackcurrant Seed Oil nourishes and hydrates the hair, improves hair strength and elasticity, and promotes a balanced and healthy scalp environment. By incorporating Blackcurrant Seed Oil with 15% GLA into your hair care routine, you can address scalp inflammation and achieve healthier, stronger hair growth.
Halal	O&3 can confirm this product is not Halal certified, however it does not contain any animal derived product or ingredient, hence it is HALAL applicable.
