

Waxes

Carnauba, Wax Organic

VEGAN

CRUELTY-FREE

ORGANIC

What can it be used in?

Body Balm Hair Pomade
Hair Wax Hand Cream
Lip Balm Lip Scrub

Product code
K0741

INCI Listing
Copernicia Cerifera Cera

Manufacturing Method
Refined

CAS Number
8015-86-9

Origin
Brazil
South America

EINCS
232-399-4

Scent
Characteristic, Nutty

Customs Tariff Code
1521 1000 00

Colour
Gold-Yellow

Related Products

K0101

Extraction process

Refining is an extraction method that purifies oils by removing impurities and undesirable elements. It includes techniques such as degumming, neutralisation, bleaching, and deodorisation to enhance the quality, stability, and versatility of the oil for various applications.

Skin Benefits

Organic Carnauba Wax acts as a film-forming and protective agent in organic cosmetic formulations. It helps create a barrier on the skin, offering protection and enhancing the performance of organic products. Incorporate Organic Carnauba Wax into your formulations for its organic benefits.

Hair Benefits

Organic Carnauba Wax is a natural wax derived from the leaves of the carnauba palm. It offers similar benefits to regular Carnauba Wax. Carnauba Wax is commonly used in hair care products for its emollient and protective properties. It helps provide structure, hold, and shine to hairstyles without weighing down the hair. Incorporate Organic Carnauba Wax into your hair care formulations for enhanced styling, moisture retention, and a natural and organic option for your hair care routine.

Functionality

Emollient

Softens and smooths the skin, creating a protective barrier that locks in moisture. It is particularly beneficial for dry, rough, and chapped skin, providing deep hydration and improving the skin's texture.
