Skin Benefits

Cinnamon Leaf Essential Oil is known for its warm and spicy aroma that creates a comforting and invigorating atmosphere. It has a wide range of uses in personal care products, including perfumes, candles, soaps, hair care products, massage oils, bath products, and aromatherapy. The oil has warming and stimulating properties that can help improve blood circulation, provide a sensation of warmth, and uplift the mood. Cinnamon Leaf Essential Oil is also known for its antiseptic and astringent properties, making it beneficial for cleansing and toning the skin. It contains cinnamaldehyde, the main component responsible for its characteristic scent and therapeutic effects.

Hair Benefits

Cinnamon Leaf Essential Oil can provide a warming and stimulating sensation to the scalp. Its invigorating properties can help improve blood circulation, promoting hair growth and scalp health. Additionally, Cinnamon Leaf Essential Oil has potential antiseptic and astringent effects, which can help cleanse and balance the scalp. It can be incorporated into hair care products such as shampoos, conditioners, and scalp treatments to enhance the health and appearance of the hair and provide a warm and spicy fragrance.

Functionality

Anti-Inflammatory

Powerful anti-inflammatory properties help soothe and calm irritated skin, reducing redness and inflammation, whilst providing relief from discomfort and promoting a balanced complexion for healthier-looking skin.

Cleansing

Acts as a natural cleanser, effectively removing dirt, impurities, and excess oil from the skin and hair. It helps keep pores clean and clear, reducing the risk of acne and promoting a fresh, revitalised appearance.

Antimicrobial

With potent antimicrobial features, it effectively combats harmful microbes, preventing infections and promoting skin health. It supports a clean and clear complexion, safeguarding against unwanted bacteria.

Warming

Introduces a gentle warming sensation to the skin, providing a comforting and soothing effect. This property is ideal for products designed to promote relaxation, especially in massage oils or creams
