Skin Benefits

Fractionated Coconut Oil with Vitamin D combines the moisturising benefits of fractionated coconut oil with the added advantage of vitamin D. It is commonly used in massage oils, moisturisers, creams, lotions, hair care products, cosmetics, and bath products. The oil has a neutral aroma and a lightweight texture, making it suitable for various formulations. Fractionated Coconut Oil with Vitamin D is moisturising and emollient, helping to soften and smooth the skin. It is often used as a carrier oil for essential oils and as a hair conditioning agent. Additionally, it can be used as a makeup remover due to its gentle yet effective cleansing properties.

Functionality

Anti-Inflammatory

Powerful anti-inflammatory properties help soothe and calm irritated skin, reducing redness and inflammation, whilst providing relief from discomfort and promoting a balanced complexion for healthier-looking skin.

Easily-Absorbed

Quickly absorbs into the skin without leaving a greasy residue. Lightweight and ensures fast penetration, delivering essential nutrients and hydration for a smooth and nourished complexion.

Moisturising & Hydrating

Deeply moisturising, helping to hydrate and nourish the skin and hair. It forms a protective barrier, preventing moisture loss and leaving the skin and hair feeling soft and supple.

Hair Benefits

Fractionated Coconut Oil with Vitamin D can provide lightweight moisture to the hair without weighing it down. Its conditioning properties help to soften and smooth the hair, reducing frizz and improving manageability. Additionally, Fractionated Coconut Oil with Vitamin D can be used as a carrier oil for other hair care ingredients, enhancing their effectiveness. It can be incorporated into hair care products such as moisturisers, serums, hair oils, and leave-in treatments to nourish and hydrate the hair strands.

Cleansing

Acts as a natural cleanser, effectively removing dirt, impurities, and excess oil from the skin and hair. It helps keep pores clean and clear, reducing the risk of acne and promoting a fresh, revitalised appearance.

Emollient

Softens and smooths the skin, creating a protective barrier that locks in moisture. It is particularly beneficial for dry, rough, and chapped skin, providing deep hydration and improving the skin's texture.

Skin Tightening

Promotes skin elasticity and firmness, reducing the appearance of wrinkles. It helps maintain a youthful and lifted look by supporting collagen production, giving the skin a tighter and more toned feel.
