Skin Benefits

Coffee Green Exfoliant is a natural exfoliating ingredient derived from green coffee beans. It has an earthy and roasted aroma and a brown color. The exfoliant is commonly used in exfoliating scrubs, body polishes, and soap making. Coffee Green Exfoliant gently removes dead skin cells, revealing smoother and Revitalised skin. It has exfoliating, smoothing, and revitalising properties, making it a popular choice for rejuvenating skin care products. The earthy aroma of the exfoliant enhances the sensory experience of exfoliating products, providing a refreshing and invigorating sensation.

Functionality

Exfoliating

Gently removes dead skin cells from the surface, promoting a smoother and more radiant complexion. It unclogs pores, reduces the appearance of blackheads and whiteheads, and enhances the skin's natural renewal process.

Hair Benefits

Coffee Green Exfoliant can provide gentle exfoliation to the scalp, helping to remove buildup and promote a healthy scalp environment. Its exfoliating properties stimulate circulation and can leave the scalp feeling refreshed. Additionally, the earthy and roasted aroma of Coffee Green Exfoliant adds a pleasant scent to hair care products. It can be incorporated into scalp scrubs, exfoliating shampoos, and scalp treatments to enhance the exfoliation process and promote scalp health.
