Skin Benefits

Copaiba Balsam Oleoresin, clarified, is known for its calming and soothing properties. It has a woody and resinous aroma with an amber color. The oleoresin is commonly used in perfumes, aromatherapy, massage oils, bath products, personal care products, beard oils, and hair care products. Copaiba Balsam Oleoresin provides a grounding and comforting experience, promoting a sense of relaxation and well-being. It also possesses antiseptic properties, making it suitable for skin care formulations. The aroma of Copaiba Balsam Oleoresin adds a warm and earthy note to products, enhancing the overall sensory experience.

Hair Benefits

Copaiba Balsam Oleoresin, clarified, can provide calming benefits to the hair and scalp. Its soothing properties help to alleviate scalp irritation and promote a balanced scalp environment. Additionally, the woody and resinous aroma of Copaiba Balsam Oleoresin adds a pleasant scent to hair care products. It can be incorporated into hair oils, scalp treatments, and hair masks to provide a relaxing and aromatic experience while nourishing the hair and scalp.

Functionality

The attached information is considered to be correct. Please be aware that detail can change and we encourage clients to update their technical records regularly via www.oand3.com/products/.

The information is not and should not be considered a guarantee or warranty, or a part of our contractual or other legal obligations. It is the ultimate responsibility of the client to pre-approve & assess the safety and suitability of the listed ingredient before use in any final formulations. We encourage carrying out additional tests if necessary. The information is not to be disclosed to others, reproduced or transmitted in whole or in part without permission from O&3.

Anti-Inflammatory

Powerful anti-inflammatory properties help soothe and calm irritated skin, reducing redness and inflammation, whilst providing relief from discomfort and promoting a balanced complexion for healthier-looking skin.

Warming

Introduces a gentle warming sensation to the skin, providing a comforting and soothing effect. This property is ideal for products designed to promote relaxation, especially in massage oils or creams

Antimicrobial

With potent antimicrobial features, it effectively combats harmful microbes, preventing infections and promoting skin health. It supports a clean and clear complexion, safeguarding against unwanted bacteria.
