Skin Benefits

Frankincense Water (Hydrolat) offers a gentle and refreshing woody and earthy aroma. It has a clear color and is commonly used in facial toners, spritzers, body sprays, aromatherapy, and bath products. Frankincense Water (Hydrolat) provides soothing and balancing benefits to the skin. It can help calm and hydrate the skin, promoting a refreshed and Revitalised appearance. The water is derived from the distillation of frankincense resin and contains trace amounts of aromatic components. Frankincense Water (Hydrolat) is suitable for various skin types and can be incorporated into skincare rituals for a holistic and aromatic experience.

Hair Benefits

Frankincense Water (Hydrolat) can be beneficial for hair care. Its soothing and hydrating properties provide a refreshing and revitalising experience for the scalp and hair. Additionally, the woody and earthy aroma of Frankincense Water (Hydrolat) adds a subtle and natural scent to hair care formulations. It can be used as a hair mist or added to hair conditioners and treatments to provide a gentle and aromatic touch to the hair.

Functionality

Healing & Soothing

With its anti-inflammatory properties, it soothes irritated and inflamed skin. It aids in the healing process, making it beneficial for conditions such as acne, eczema, and rosacea.
