Extraction process

Cold-pressed extraction is a method used to extract natural oils from various plant-based sources. It involves applying mechanical pressure to the source material without the use of heat or chemicals, resulting in a pure and unrefined oil.

Skin Benefits

Grapefruit (Pink) Essential Oil is commonly used in skincare products due to its astringent and toning properties. It can help balance oily skin, reduce the appearance of pores, and promote a more even complexion. The oil's uplifting scent also makes it a popular choice for bath products like bath oils and shower gels, providing a refreshing and invigorating experience. In aromatherapy, Grapefruit (Pink) Essential Oil is known for its mood-enhancing properties. It can be used in diffuser blends, massage oils, or personal inhalers to create an uplifting and energising atmosphere.

Functionality

Anti-Inflammatory

Powerful anti-inflammatory properties help soothe and calm irritated skin, reducing redness and inflammation, whilst providing relief from discomfort and promoting a balanced complexion for healthier-looking skin.

Cooling

Provides a refreshing and cooling sensation to the skin, helping to alleviate heat and discomfort. Ideal for use in products designed to soothe sunburns or calm irritated skin.

Hair Benefits

Grapefruit (Pink) Essential Oil can be used in hair care products to provide a fresh and invigorating scent. Its uplifting properties can help promote a positive mood and create a stimulating experience during hair care routines. The oil can be added to shampoos, conditioners, or hair mists to impart a refreshing fragrance and invigorate the senses. Additionally, Grapefruit (Pink) Essential Oil can contribute to scalp health by providing clarifying and toning benefits, promoting a clean and balanced environment for hair growth.

Antimicrobial

With potent antimicrobial features, it effectively combats harmful microbes, preventing infections and promoting skin health. It supports a clean and clear complexion, safeguarding against unwanted bacteria.

Energising

Provides a boost of energy and revitalisation, helping to combat fatigue and lethargy. This can lead to a refreshed and invigorated appearance, both for the skin and hair.
