Extraction process

Refining is an extraction method that purifies oils by removing impurities and undesirable elements. It includes techniques such as degumming, neutralisation, bleaching, and deodorisation to enhance the quality, stability, and versatility of the oil for various applications.

Skin Benefits

Grapefruit Seed Oil is known for its moisturising and nourishing properties, making it suitable for skincare products. It can help hydrate the skin, leaving it soft and supple. The oil's balancing properties make it beneficial for oily or acne-prone skin, as it can help regulate sebum production. Additionally, Grapefruit Seed Oil contains antioxidants that protect the skin from free radicals, reducing the signs of aging. It can be used in facial oils, serums, body lotions, and soaps to promote overall skin health.

Functionality

Antimicrobial

With potent antimicrobial features, it effectively combats harmful microbes, preventing infections and promoting skin health. It supports a clean and clear complexion, safeguarding against unwanted bacteria.

Easily-Absorbed

Quickly absorbs into the skin without leaving a greasy residue. Lightweight and ensures fast penetration, delivering essential nutrients and hydration for a smooth and nourished complexion.

Hair Benefits

Grapefruit Seed Oil can be used in hair care products to provide moisture and nourishment to the hair and scalp. It can help condition the hair, reducing dryness and frizz. The oil's lightweight texture allows for easy absorption without weighing down the hair. Additionally, Grapefruit Seed Oil contains antioxidants that can protect the hair from environmental damage. It can be incorporated into hair oils, leave-in conditioners, and hair masks to promote healthy-looking hair and a balanced scalp.

Antioxidant

Rich in antioxidants, it shields the skin from environmental stressors, neutralising free radicals and promoting a youthful appearance. As well as enhancing skin resilience, reducing oxidative damage, and fostering a radiant, revitalised complexion.
