Skin Benefits

Jojoba Powder provides gentle exfoliation and natural cleansing properties to the skin. It effectively removes dead skin cells, unclogs pores, and reveals a smoother complexion. The powder is commonly used in facial scrubs, cleansers, and exfoliating masks to promote a clearer and more radiant skin appearance.

Hair Benefits

Jojoba Powder can also be used as a gentle exfoliant for the hair and scalp. Its mild abrasive texture helps remove buildup and unclog the hair follicles, promoting a healthier scalp environment. Incorporating Jojoba Powder into scalp scrubs, pre-shampoo treatments, or DIY hair masks can help rejuvenate and refresh the scalp, promoting overall hair health.

Functionality

The attached information is considered to be correct. Please be aware that detail can change and we encourage clients to update their technical records regularly via www.oand3.com/products/.

The information is not and should not be considered a guarantee or warranty, or a part of our contractual or other legal obligations. It is the ultimate responsibility of the client to pre-approve & assess the safety and suitability of the listed ingredient before use in any final formulations. We encourage carrying out additional tests if necessary. The information is not to be disclosed to others, reproduced or transmitted in whole or in part without permission from O&3.

Exfoliating

Gently removes dead skin cells from the surface, promoting a smoother and more radiant complexion. It unclogs pores, reduces the appearance of blackheads and whiteheads, and enhances the skin's natural renewal process.
