Product code

K0830

INCI Listing
Pongamia Glabra Seed Oil

Manufacturing Method

Cold Pressed

Not Listed.

Origin India EINCS Not Listed.

Scent

Characteristic, Nutty

Customs Tariff Code

Colour

Gold-Yellow

Extraction process

Cold-pressed extraction is a method used to extract natural oils from various plant-based sources. It involves applying mechanical pressure to the source material without the use of heat or chemicals, resulting in a pure and unrefined oil.

Skin Benefits

Karanja Oil deeply moisturises and conditions the skin, leaving it soft and supple. Its rich texture and high fatty acid content make it suitable for facial oils, serums, body oils, lotions, moisturisers, massage oils, and hair care products. The oil helps nourish, hydrate, and promote a healthy-looking complexion, providing a natural glow.

Hair Benefits

Karanja Oil can contribute to a nourishing and moisturising hair care routine. Its conditioning properties help hydrate and soften the hair strands, reducing dryness and promoting overall hair health. Incorporating Karanja Oil into hair oils, serums, and hair masks can provide deep conditioning, leaving the hair feeling nourished, smooth, and manageable.

Functionality

Anti-Aging

Packed with antioxidants, it helps fight free radicals and reduce the signs of ageing. It promotes the production of collagen, improving skin elasticity and firmness, and diminishing the appearance of fine lines and wrinkles.

Easily-Absorbed

Quickly absorbs into the skin without leaving a greasy residue. Lightweight and ensures fast penetration, delivering essential nutrients and hydration for a smooth and nourished complexion.

Anti-Inflammatory

Powerful anti-inflammatory properties help soothe and calm irritated skin, reducing redness and inflammation, whilst providing relief from discomfort and promoting a balanced complexion for healthier-looking skin.

Moisturising & Hydrating

Deeply moisturising, helping to hydrate and nourish the skin and hair. It forms a protective barrier, preventing moisture loss and leaving the skin and hair feeling soft and supple.
