Skin Benefits

Monoï, infused in coconut oil, carries a tropical and heavenly scent, created by infusing fragrant Tahitian gardenia blossoms into pure coconut oil. It has moisturising and soothing properties, making it a cherished beauty elixir. Monoï is commonly used in body oils, hair oils, hair masks, and skincare formulations to hydrate the skin and enhance the hair's natural shine, providing a transformative experience.

Hair Benefits

Monoï, infused in coconut oil, can contribute to a luxurious and nourishing hair care routine. Its moisturising properties help hydrate the hair, while the tropical scent adds an exotic allure. Incorporating Monoï into hair oils, hair masks, and leave-in conditioners can provide deep hydration, improve manageability, and enhance the natural shine of the hair, leaving it feeling luscious and rejuvenated.

Functionality

The attached information is considered to be correct. Please be aware that detail can change and we encourage clients to update their technical records regularly via www.oand3.com/products/.

The information is not and should not be considered a guarantee or warranty, or a part of our contractual or other legal obligations. It is the ultimate responsibility of the client to pre-approve & assess the safety and suitability of the listed ingredient before use in any final formulations. We encourage carrying out additional tests if necessary. The information is not to be disclosed to others, reproduced or transmitted in whole or in part without permission from O&3.

Anti-Aging

Packed with antioxidants, it helps fight free radicals and reduce the signs of ageing. It promotes the production of collagen, improving skin elasticity and firmness, and diminishing the appearance of fine lines and wrinkles.

Moisturising & Hydrating

Deeply moisturising, helping to hydrate and nourish the skin and hair. It forms a protective barrier, preventing moisture loss and leaving the skin and hair feeling soft and supple.

Emollient

Softens and smooths the skin, creating a protective barrier that locks in moisture. It is particularly beneficial for dry, rough, and chapped skin, providing deep hydration and improving the skin's texture.
