Product Page Intro	Introducing Murumuru, Butter, boasting a rich history dating back centuries in indigenous cultures. This exotic butter, with its unique hard texture and high melting point, has been used traditionally for its fantastic properties for the skin. The butter is renowned for its exceptional moisturising qualities, owing to its high content of essential fatty acids and vitamins, including oleic acid and vitamin A. These elements work together to deeply hydrate and rejuvenate dry and mature skin, promoting a supple and youthful complexion. Its ability to penetrate the skin's layers also aids in reducing the visibility of fine lines and wrinkles. Elevate products with this exceptional ingredient, infusing them with the essence of tradition and modern functionality. Request a quote or secure a sample now!
Product Status	Pure & Natural.
Pyrrolizidine Alkaloids Status	O&3 can confirm that Murumuru, Butter is free from any Pyrrolizidine Alkaloids.
REACH Status	O&3 can confirm that Murumuru Butter supplied is exempt as per Annex IV & V according to EU regulations 1907/2006. This product is not chemically modified, it comes under derogation pursuant to EU regulation 987/2008, Annex II, #9. Hence registration is not required for this product. We can also confirm that none of the substances on the SVHC candidate list can be verified in a concentration of >0.1% in our product.
Residual Solvents	O&3 can confirm that no solvents or preservatives have been used in the production of Murumuru Butter.
Skin Benefits	Murumuru Butter has a rich and creamy texture, derived from the seeds of the Murumuru palm tree. It has moisturising and emollient properties, helping nourish and soften the skin. The butter is commonly used in body butters, lotions, and creams to provide hydration and protection, leaving the skin feeling smooth and hydrated.
