HACCP & GMP Statement	O&3 can confirm that Olive, Wax has been produced under Good Manufacturing Practices (GMP) and a HACCP system. O&3 is BRC certified.
Hair Benefits	Olive Wax can be used in hair care products as a conditioning and texturizing ingredient. Its emollient properties can help moisturise and soften the hair, reducing frizz and improving manageability. The wax can be added to hair styling products, such as pomades or waxes, to provide hold and enhance the texture of the hair. While not primarily known for its specific hair benefits, Olive Wax's overall emollient properties can indirectly support scalp health by providing a protective barrier and reducing moisture loss.
Halal	O&3 can confirm this product is not Halal certified, however it does not contain any animal derived product or ingredient, hence it is HALAL applicable.
INCI Listing	Olea Europaea Fruit Oil & Hydrogenated Olive Oil
Irradiation Status	O&3 can confirm that Olive, Wax has not been irradiated at any stage of production.

Product Page Intro	Introducing Olive, Wax, with a rich history dating back to ancient civilisations such as the Egyptians and Greeks, who used it for its skin-nourishing properties. This hard wax boasts a high melting point, ensuring stability in various formulations. Its versatility is evident in its applications, found in lip balms, lotions, creams, as well as the pharmaceutical industry. Its non-comedogenic nature prevents pore clogging, which is particularly beneficial in skincare products. Being hypoallergenic, it suits all skin types, even sensitive ones. The benefits of Olive, Wax extend to its emollient and protective qualities, delivering moisturisation and creating a barrier against environmental stressors and its long-lasting properties make it an excellent choice for products that require durability and resilience. Contact us today for a quote or order a sample and elevate your products with Olive, Wax.
Product Status	Pure & Natural.
Pyrrolizidine Alkaloids Status	O&3 can confirm that Olive, Wax is free from any Pyrrolizidine Alkaloids.
REACH Status	O&3 can confirm that Olive, Wax supplied is exempt as per Annex IV & V according to EU regulations 1907/2006. This product is not chemically modified, it comes under derogation pursuant to EU regulation 987/2008, Annex II, #9. Hence registration is not required for this product. We can also confirm that none of the substances on the SVHC candidate list can be verified in a concentration of >0.1% in our product.
Residual Solvents	O&3 can confirm that no solvents or preservatives were used in the production of Olive, Wax.
Skin Benefits	Olive Wax is known for its emollient properties, making it beneficial for skincare formulations. It can help moisturise the skin, improve texture, and provide a smooth and velvety feel. Olive Wax is commonly used in creams, lotions, balms, and other skincare products to enhance their texture and provide nourishment.
