Peanut EP/BP Oil, Refined

VEGAN

CRUELTY-FREE

What can it be used in?

Body Care Foot Cream
Hand Cream Moisturiser

Product code K0344	INCI Listing Arachis Hypogaea Oil
Manufacturing Method Refined	CAS Number 8002-03-7
Origin Africa Netherlands West Africa	EINCS 232-296-4
Scent Characteristic, Nutty	Customs Tariff Code 1515 9099 99
Colour Gold-Yellow	

Related Products

K0583

Extraction process

Refining is an extraction method that purifies oils by removing impurities and undesirable elements. It includes techniques such as degumming, neutralisation, bleaching, and deodorisation to enhance the quality, stability, and versatility of the oil for various applications.

Skin Benefits

Refined peanut oil is moisturising and can help soften and condition the skin. It can be used in skincare products such as creams, lotions, or lip balms to provide hydration and improve skin texture.

Hair Benefits

Refined peanut oil can be used in hair care products as an emollient to moisturise and condition the hair. It can be incorporated into hair oils, serums, or leave-in conditioners to promote softness and shine.

Functionality

Anti-Aging

Packed with antioxidants, it helps fight free radicals and reduce the signs of ageing. It promotes the production of collagen, improving skin elasticity and firmness, and diminishing the appearance of fine lines and wrinkles.

Easily-Absorbed

Quickly absorbs into the skin without leaving a greasy residue. Lightweight and ensures fast penetration, delivering essential nutrients and hydration for a smooth and nourished complexion.

Moisturising & Hydrating

Deeply moisturising, helping to hydrate and nourish the skin and hair. It forms a protective barrier, preventing moisture loss and leaving the skin and hair feeling soft and supple.

Anti-Inflammatory

Powerful anti-inflammatory properties help soothe and calm irritated skin, reducing redness and inflammation, whilst providing relief from discomfort and promoting a balanced complexion for healthier-looking skin.

Emollient

Softens and smooths the skin, creating a protective barrier that locks in moisture. It is particularly beneficial for dry, rough, and chapped skin, providing deep hydration and improving the skin's texture.
