Skin Benefits

Organic peppermint essential oil provides a cooling and refreshing sensation to the skin. It can be used in skincare products such as body lotions, foot creams, or scalp treatments to invigorate and soothe.

Hair Benefits

Organic peppermint essential oil can provide a refreshing and invigorating aroma to hair care products. It can be added to shampoos, conditioners, or scalp treatments to promote a Revitalised and refreshed scalp. It may also help promote a healthy environment for hair growth.

Functionality

The attached information is considered to be correct. Please be aware that detail can change and we encourage clients to update their technical records regularly via www.oand3.com/products/.

The information is not and should not be considered a guarantee or warranty, or a part of our contractual or other legal obligations. It is the ultimate responsibility of the client to pre-approve & assess the safety and suitability of the listed ingredient before use in any final formulations. We encourage carrying out additional tests if necessary. The information is not to be disclosed to others, reproduced or transmitted in whole or in part without permission from O&3.

Antimicrobial

With potent antimicrobial features, it effectively combats harmful microbes, preventing infections and promoting skin health. It supports a clean and clear complexion, safeguarding against unwanted bacteria.

Energising

Provides a boost of energy and revitalisation, helping to combat fatigue and lethargy. This can lead to a refreshed and invigorated appearance, both for the skin and hair.

Cooling

Provides a refreshing and cooling sensation to the skin, helping to alleviate heat and discomfort. Ideal for use in products designed to soothe sunburns or calm irritated skin.
