Skin Benefits

Peppermint water can be used as a refreshing and toning facial mist or added to skincare products to provide a cooling and soothing effect on the skin.

Hair Benefits

Peppermint water can be used as a refreshing and invigorating scalp spray or added to hair care products such as shampoos or conditioners to provide a cooling sensation and promote a refreshed scalp.

Functionality

The attached information is considered to be correct. Please be aware that detail can change and we encourage clients to update their technical records regularly via www.oand3.com/products/.

The information is not and should not be considered a guarantee or warranty, or a part of our contractual or other legal obligations. It is the ultimate responsibility of the client to pre-approve & assess the safety and suitability of the listed ingredient before use in any final formulations. We encourage carrying out additional tests if necessary. The information is not to be disclosed to others, reproduced or transmitted in whole or in part without permission from O&3.

Moisturising & Hydrating

Deeply moisturising, helping to hydrate and nourish the skin and hair. It forms a protective barrier, preventing moisture loss and leaving the skin and hair feeling soft and supple.
