Product Page Intro	Unearth the captivating allure of Rosemary Water (Hydrolat), a fragrant and refreshing hydrosol
	obtained as a by-product of the steam distillation process used to extract rosemary essential oil.
	Rosemary Hydrolat is gentler than rosemary essential oil and is suitable for all skin types, including
	sensitive skin. It can be used as in toner, facial mist, and hair rinse formulations, as its refreshing
	properties help revitalise the skin and leave a pleasant scent. Rosemary Hydrolat's antioxidant and anti-
	inflammatory properties make it beneficial for soothing irritated skin, reducing redness, and promoting
	healing and it can also be used to balance sebum production and help control acne breakouts. Whether
	you seek transformation through skincare or haircare, request a quotation or order a sample, and embrace the essence of nature within your formulations!
