Skin Benefits

Sunflower seed wax provides emollient and moisturising properties, helping to protect and condition the skin. It helps to lock in moisture and provides a smooth and soft texture in various cosmetic and skincare products.

Hair Benefits

Sunflower seed wax can be used in hair care products to provide conditioning and moisturising benefits to the hair and scalp.

Functionality

The attached information is considered to be correct. Please be aware that detail can change and we encourage clients to update their technical records regularly via www.oand3.com/products/.
 The information is not and should not be considered a guarantee or warranty, or a part of our contractual or other legal obligations. It is the ultimate responsibility of the client to pre-approve & assess the safety and suitability of the listed ingredient before use in any final formulations. We encourage carrying out additional tests if necessary. The information is not to be disclosed to others, reproduced or transmitted in whole or in part without permission from O&3.

Emollient

Softens and smooths the skin, creating a protective barrier that locks in moisture. It is particularly beneficial for dry, rough, and chapped skin, providing deep hydration and improving the skin's texture.
